

THE UNIVERSITY OF IOWA
College of Education

Student Responsibility of Media Agreement

As part of your teacher training program you will be producing and uploading materials to the World Wide Web that will be used to assess your work. These materials may include digital photographs and short video sequences in which children from school classrooms may appear.

These materials must be used only for intended assessment purposes and not be used or distributed in any other manner. Also, only children whose parents have signed the Parental Release Form (http://www.education.uiowa.edu/edtech/forms/Media_Release_Form.pdf) may appear in materials.

Students misusing materials shall be subject to disciplinary action by the University of Iowa as specified in the *Code of Student Life* (<http://student-services.uiowa.edu/students/policies/index.php?polid=2a>) and the *Acceptable Use of Information Technology Resources* (<http://www.uiowa.edu/~our/opmanual/ii/19.htm>).

Please help us in supporting this innovative assessment process by using all materials in a responsible and appropriate manner. Enter your signature, printed name and date below and deliver to it to the proper office as instructed by faculty or supervisors.

I, _____ agree to use the materials produced in my field experiences as specified above.

Name (please print)
